

MISSOURI STATE HIGHWAY PATROL

ANNUAL REPORT

2009

VISION

By excelling as a criminal justice leader in the delivery of quality services, the Missouri State Highway Patrol will ensure Missouri is a safe place to live or visit.

MISSION

The Missouri State Highway Patrol will serve and protect all people by enforcing laws and providing services to ensure a safe and secure environment.

VALUES

The Missouri State Highway Patrol believes public trust and respect must be earned and are essential to attain our vision and accomplish our mission. To maintain public trust and respect, we embrace the following values:

INTEGRITY – Uncompromising principle; honesty; steadfast adherence to a strict ethical code.

RESPONSIBILITY – Accountability; trustworthiness; use of good judgment.

RESPECT – Fairness without prejudice; appreciation for diversity.

PROFESSIONALISM – High standards; dedicated to our mission; unified in purpose.

COMPASSION – Concern with human welfare; ability to appreciate feelings or emotions of others.

RESOURCEFULNESS – Creativity; the ability to be effective in difficult situations.

CHARACTER – We are committed to respecting individual dignity in all people and to providing services in a fair, consistent, and impartial manner to the best of our ability. As caring and innovative professionals, the men and women of the Missouri State Highway Patrol will strive to maintain a safe environment through a service orientated organization capable of addressing the most complex challenges that confront us.

COMMITMENT – We are committed to providing services from knowledgeable, capable, and willing employees. We are committed to respecting each employee as an individual and for his or her role in the department. We are committed to maintaining a sense of pride and camaraderie within our department, and to having a workplace where employees are supportive of each other and loyal to the values and commitments of the department.

LETTER OF TRANSMITTAL

To The Honorable Jeremiah W. (Jay) Nixon, Governor of Missouri

On behalf of the Missouri State Highway Patrol, it is our privilege to present for your review the Missouri State Highway Patrol's 2009 Annual Report.

We are pleased to report that traffic fatalities continued to decline. During 2009, Missouri experienced an 8 percent reduction from 2008 figures. This is the fourth consecutive year Missouri has experienced a decrease in traffic crash deaths.

Unfortunately, that positive news is tempered by the fact that one of those traffic crash deaths was Corporal Dennis E. Engelhard, Troop C. Cpl. Engelhard was working a minor traffic crash on December 25, 2009. Another driver lost control of his vehicle on the slick roadway and struck the trooper. The agency felt deeply the loss of Cpl. Engelhard, a nine-year veteran.

Patrol employees continue to serve and protect the citizens of this great state. We are confident the 2009 Annual Report will reflect the dedication and expertise of the men and women who are your Missouri State Highway Patrol.

COURAGE & DEDICATION

Corporal Russell A. "Sammy" Seaton, Q/GD, accepted the February 2009 DPS Employee of the Month award. He was honored for his ability to recognize a seemingly small incident and uncover information regarding serious crimes. Cpl. Seaton's investigation led to information implicating two gang members in two unsolved homicides, numerous burglaries, and drug dealings in the St. Louis area.

Sergeant Dale O. Jinkens, Troop A, observed a serious traffic crash during an unrelated traffic stop. He responded, used his fire extinguisher to push back the flames, and organized citizens to move the vehicle so he could reach the driver. He removed the driver from the engulfed cabin and organized assistance for her until an ambulance could arrive. Sgt. Jinkens was named the March 2009 DPS Employee of the Month and the April 2009 State Employee of the Month.

Trooper Lonnie R. Lejeune, Troop E, accepted the April 2009 DPS Employee of the Month award. Tpr. Lejeune was recognized for his heroic actions which saved a man's life. While patrolling, Tpr. Lejeune's attention was drawn to a man hanging by his neck in a tree. The man had been cutting broken tree limbs after recent ice storms. Tpr. Lejeune climbed the tree, hooked his left arm around the tree trunk, and placed his right arm around the unconscious man. He lifted the man up to restore his breathing and held him that way for 15 minutes until additional help arrived. Tpr. Lejeune also was named May 2009 State Employee of the Month.

Accountant II Karen Laves, Q/DDCC, was selected June 2009 DPS Employee of the Month to recognize the specialized technical assistance she provides to officers investigating financial crimes.

On May 5, 2009, **Sergeant Chris J. Harris**, Troop F, was instrumental in stopping a heavily armed individual riding a motorcycle who had fired at an Osage County Deputy. The subject was approaching the city limits of Jefferson City when Sgt. Harris was able to strike the motorcycle from behind, embedding the motorcycle in the patrol vehicle grill and ejecting the driver. The driver died from a self-inflicted gunshot wound at the scene. Sgt. Harris was named August 2009 DPS Employee of the Month and September 2009 Missouri State Employee of the Month for his heroic actions.

Trooper Timothy S. Craig, Troop C, was honored as the October 2009 DPS Employee of the Month. When heavy rainfall caused flooding on Interstate 55, the median and traffic lanes became flooded. Tpr. Craig stopped traffic on the southbound lanes, but before the northbound lanes could be stopped, a vehicle skidded out of control. It overturned in the flooded median, and came to rest on the driver's side. Tpr. Craig and a conservation agent rushed into the flood water to rescue the driver. The agent held the vehicle, which was about to roll over onto its top, while Tpr. Craig removed the driver. Moments later the water rose high enough to cause the vehicle to roll over onto its top and become submerged.

Missouri Medal Of Valor

In November 2009, Governor Jay Nixon presented the state's highest public safety award, the Missouri Medal of Valor, to three members of the Missouri State Highway Patrol. **Sergeant Dale O. Jinkens** was recognized for rescuing a motorist who was trapped inside a burning vehicle on Interstate 70. **Trooper Shawn M. Dougherty**, Troop G, rescued a man in swift moving flood waters. Tpr. Dougherty swam toward the victim, repeatedly went under water to find him, and then held the victim's head above water until this person could be pulled safely ashore. **Trooper Andrew B. Ward**, Troop D, rescued a motorist trapped inside a burning vehicle. Tpr. Ward dived through the driver's side win-

COURAGE & DEDICATION

dow and dislodged her foot, which was wedged under the brake pedal. The vehicle filled with smoke and fire while he worked to free her. When he couldn't remove himself from the vehicle, another trooper pulled him to safety. At that time, he ran to the passenger side of the vehicle and, with the help of several civilians, pulled the driver to safety.

Tpr. Shawn M. Dougherty, Troop G, Sgt. Dale O. Jinkens, Troop A, and Tpr. Andrew B. Ward, Troop D, hold their Missouri Medal of Valor awards.

SAFETY INITIATIVES

The Missouri State Highway Patrol released two short videos: 1) Aggressive Driving and 2) Missouri's Graduated Driver License (GDL) law. These videos were made available via the Internet. In addition, the video about Missouri's Graduated Driver License law was made available to schools for use on their in-house cable systems and during their driver's education courses. The GDL video also may be viewed in the waiting rooms of Missouri's 20 busiest driver examination stations.

MOVE OVER

Missouri law mandates drivers must reduce speed, proceed with caution, and change lanes on multiple-lane highways where possible when they approach stopped emergency vehicles with lights flashing. Troopers continue to actively enforce this law.

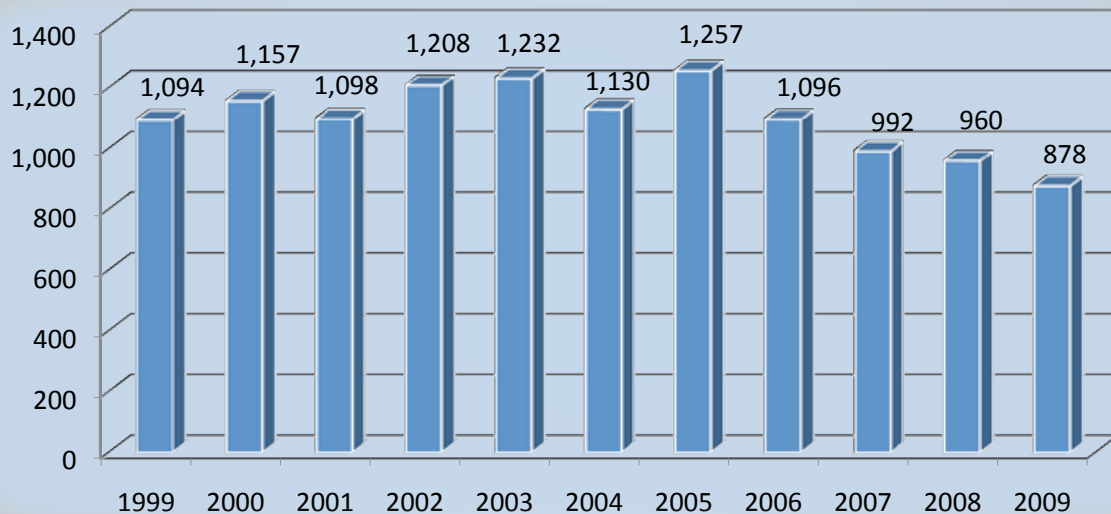

2009 SPECIAL ENFORCEMENT OPERATIONS

- The Patrol held 62 sobriety checkpoints, which yielded 263 driving while intoxicated arrests. These enforcement operations are held in areas known to have a high number of impaired drivers. Also, DWI saturations are scheduled in areas where statistics show a high number of DWI-related traffic crashes and arrests. (See Enforcement Section for details.)
- In addition to the daily enforcement of construction/work zones, the Patrol held 338 special enforcement operations in construction/work zones. Many of these operations were held in conjunction with local law enforcement agencies. During these operations, 6,705 summonses were issued for hazardous moving violations.
- The 2009 Click It Or Ticket campaign took place over a two-week period. During this Selective Traffic Enforcement Program, 3,405 traffic stops were made. (See Enforcement Section for more details.)
- H.E.A.T. -- The Patrol joined local and county law enforcement agencies in a High Enforcement Action Team (H.E.A.T.) project. The purpose of the project was to provide additional enforcement activity on Interstate 44 and Interstate 70 during specific 24-hour periods. This project took place October 17-18, 2009, and October 23-24, 2009. The 17 law enforcement agencies reported a total of 2,663 violations and 2,451 traffic stops during the two weekends.
- Operation C.A.R.E. -- The Highway Patrol participated in Operation C.A.R.E. (Combined Accident Reduction Effort) over the major holidays in 2009. All available officers patrolled Missouri's roadways enforcing Missouri's speed limit, seat belt, and alcohol laws, and made themselves available to assist motorists. The Patrol has participated in Operation C.A.R.E. since 1978.
- 10-Mile Trooper -- During 2009, a special enforcement known as 10-Mile Trooper, targeted interstates and U.S. highways in an effort to promote safety and reduce traffic crashes. Missouri State Highway Patrol troopers patrolled at 10-mile intervals to maximize their visibility in the highest volume traffic areas. These troopers targeted all traffic violations, and were especially vigilant addressing aggressive driving violations. The 10-Mile Trooper project took place during Memorial Day, Labor Day, and Thanksgiving holiday weekends. This resulted in a total of 7,367 warnings and 6,141 arrests.

TRAFFIC CRASH REDUCTION

Missouri has experienced a 35 percent decrease in fatalities over the past four years. From 2005 to 2006, Missouri led the nation with a 13 percent decrease in traffic fatalities. From 2006 to 2007, Missouri experienced a nine percent decrease in traffic fatalities. From 2007 to 2008, Missouri saw a five percent decrease in traffic fatalities. From 2008 to 2009, Missouri experienced an eight percent decrease in traffic fatalities. The Missouri State Highway Patrol will work diligently to continue this trend through enforcement and education.

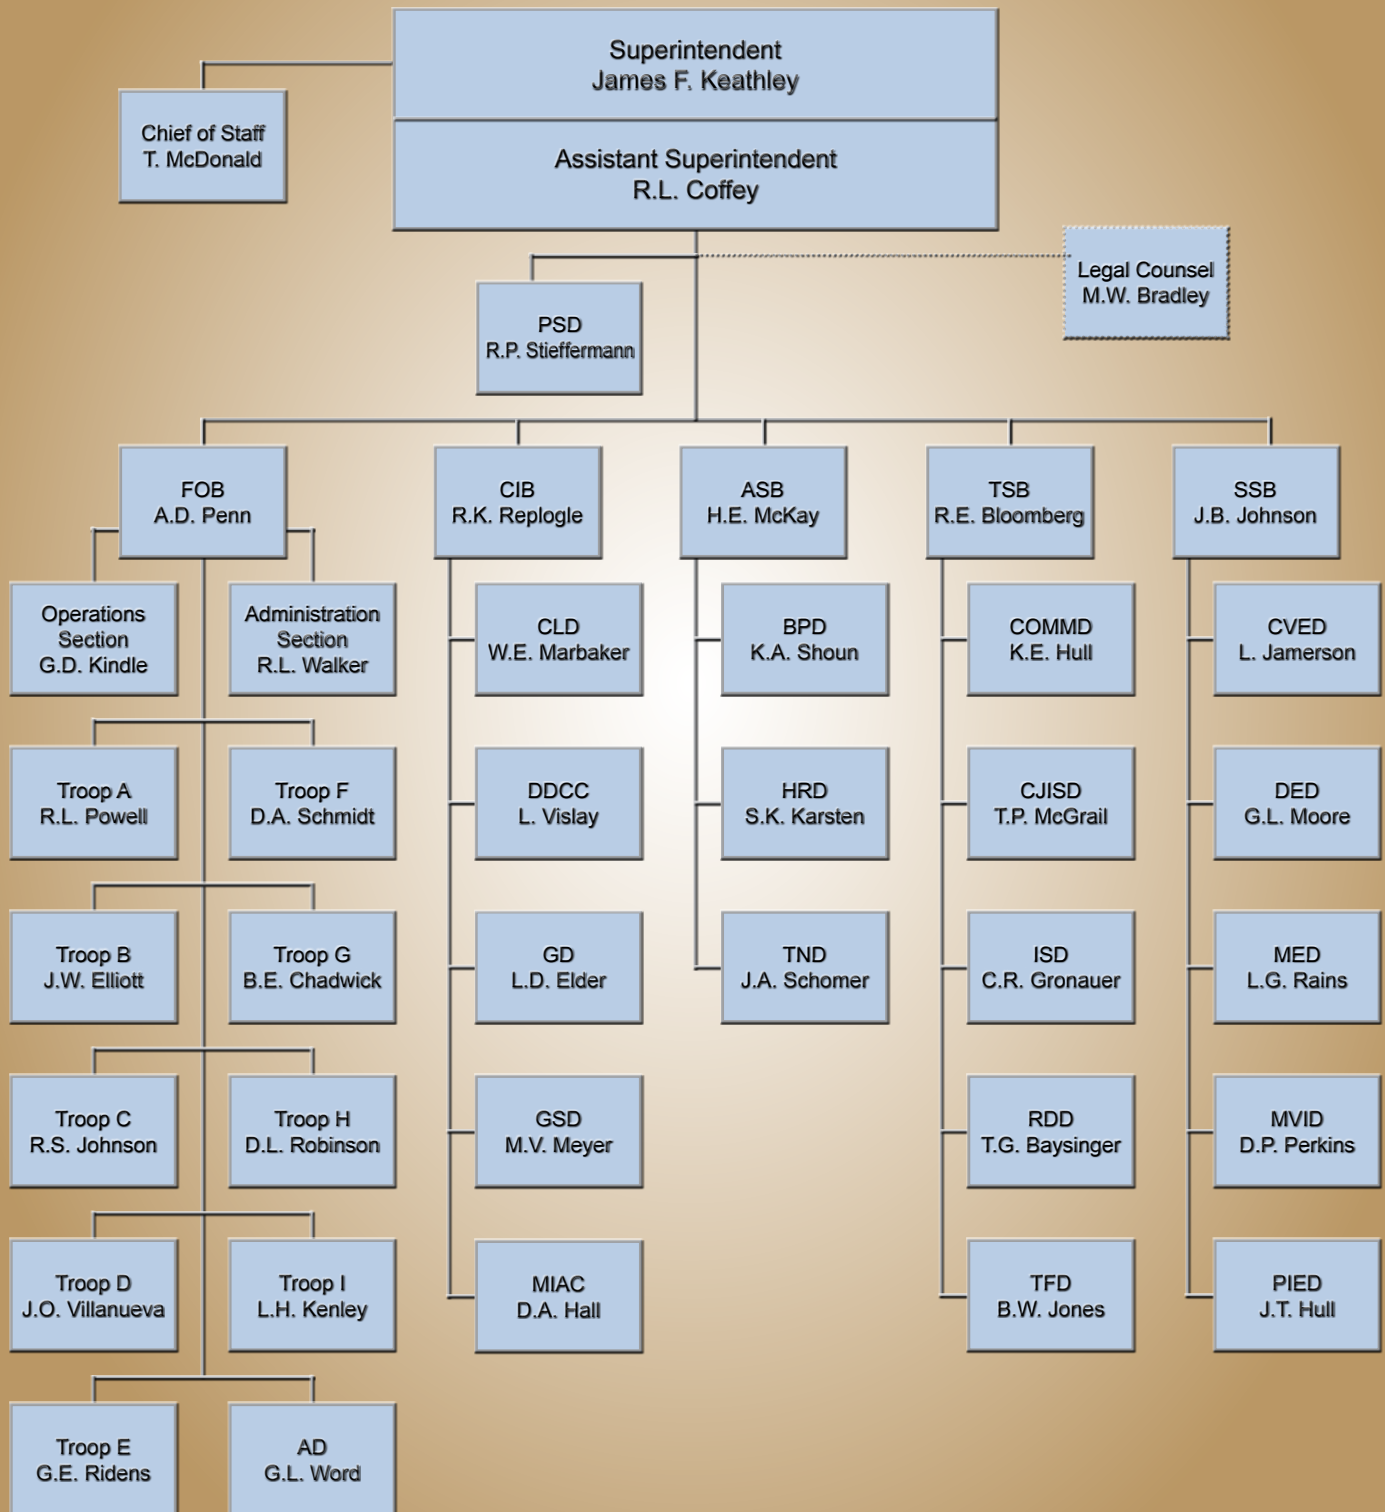

TRAFFIC CRASH REDUCTION 2000 - 2009

A grant allowed the Public Information and Education Division to spearhead the creation of a five-minute video about Missouri's Graduated Driver License law. The target audience for the video is teenage drivers and their parents. This video was released to schools throughout the state via the Internet through the Missouri Department of Revenue, Missouri Department of Transportation, and Patrol websites.

Because of these efforts, Missouri had a significant reduction in the deaths of drivers who were 15, 16, and 17 years of age. In April and May 2008, there were 23 people killed in Missouri traffic crashes who were 15, 16, or 17 years old. There were 1,008 people of that same age injured. In 2009 for the same timeframe, there were four people killed, who were 15, 16, or 17 years old, and 926 injured in Missouri traffic crashes. That is an 82.6% reduction in fatalities and an 8% reduction in injuries.

ORGANIZATIONAL STRUCTURE

SUPERINTENDENT

The Missouri State Highway Patrol is organized pursuant to Chapter 43 RSMo. The statutes within Chapter 43 established the Patrol and designated the superintendent as being in command of the agency. The superintendent performs the functions and duties prescribed by Missouri law, administrative regulations, and directives from the governor.

The Missouri State Highway Patrol is organized in five bureaus: Field Operations, Criminal Investigation, Technical Services, Support Services, and Administrative Services.

Colonel James F. Keathley

ASSISTANT SUPERINTENDENT

All five bureau commanders, the director of the Professional Standards Division, and the Patrol's legal counsel report directly to the assistant superintendent.

*Lieutenant Colonel
Richard L. Coffey*

CHIEF OF STAFF

The chief of staff serves at the pleasure of the superintendent. He is considered a member of the Patrol's command staff, and serves as the Patrol's legislative liaison.

Captain Timothy McDonald

PROFESSIONAL STANDARDS DIVISION

Capt. Robert P. Stieffermann
Director

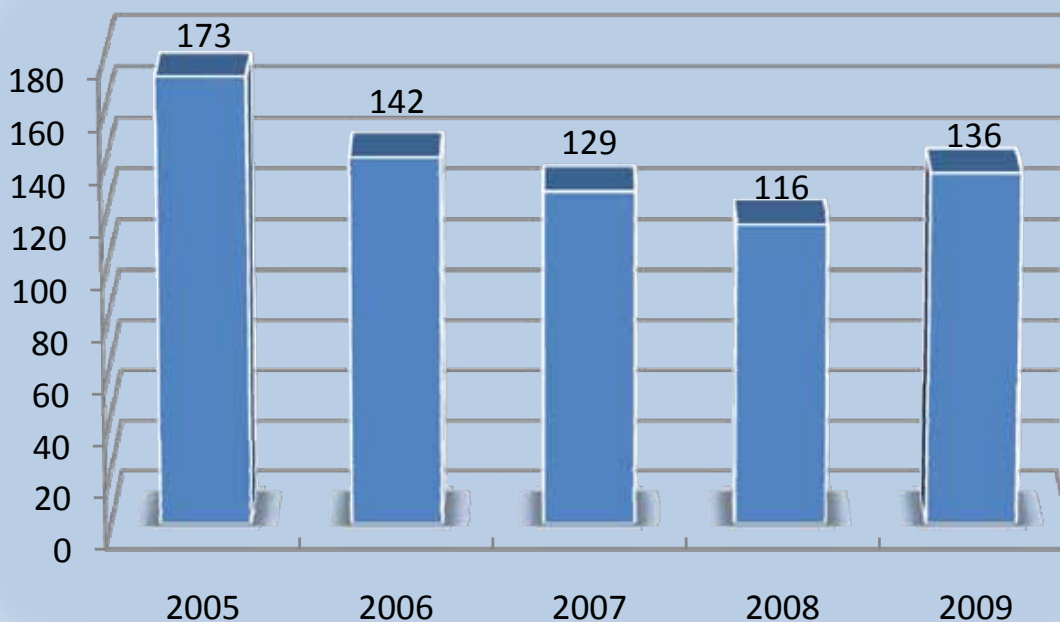

The Professional Standards Division's primary function is to ensure the integrity of the Patrol and its personnel, both commissioned and civilian employees. This is accomplished through a comprehensive and objective process of investigating allegations of employee misconduct.

The goal of the Professional Standards Division is to quickly and properly respond to all allegations of misconduct through detailed investigations, not only to verify allegations, if true, but also to protect employees from false allegations. The division also monitors departmental disciplinary procedures to promote uniformity and fairness, identify potential problems and possible corrective actions, and safeguard the rights and due process protections of both citizens and employees.

During calendar year 2009, the Professional Standards Division processed 136 complaints of misconduct against 144 employees. The complaints of misconduct came from both the general public and internal sources. Fifty-six percent of the com-

plaints came from the general public, 24 percent were from Patrol employees, and 20 percent were administrative referrals within the agency. Of these 136 complaints, 57 were resolved to the complainants' satisfaction without the need of a formal investigation. Investigators assigned to the Professional Standards Division handled all internal cases requiring a formal investigation in 2009. Furthermore, the division investigated seven incidents during the year involving the use of deadly force by an employee and conducted 22 special inquiries at the direction of the superintendent.

COMPLAINTS BY YEAR

FIELD OPERATIONS BUREAU

Major A. Dale Penn is commander of the Field Operations Bureau with oversight responsibility for the Aircraft Division, nine troops, the canine unit, marijuana eradication, the Major Crash Investigation Unit, Special Weapons and Tactics (SWAT) teams, Filling a V.O.I.D. Program, and Field Training and Evaluation Program.

ENFORCEMENT

Marijuana Eradication

The Missouri State Highway Patrol, along with agents from the Drug Enforcement Agency, county sheriff's departments, and local police departments continue to make a significant impact on this problem. During 2009, officers eradicated 20,146 cultivated marijuana plants; seized \$17,838 in assets; made 372 arrests relating to the cultivation of marijuana; and located 75 indoor growing operations.

Canine (K-9) Program

The Missouri State Highway Patrol had seven canine teams assigned throughout the state. During 2009, the teams received 463 calls for service resulting in 297 vehicle searches, 23 building searches, and 17 tracking searches. Officers also conducted 24 public appearances and canine demonstrations. Seizures credited to the canine teams in 2009 included: 2,953 pounds of marijuana, 51 pounds of cocaine, 31 pounds of methamphetamine, and \$856,097.

Special Weapons And Tactics Teams (SWAT)

The Missouri State Highway Patrol has four fully equipped SWAT teams located in Troop A, Troop C, Troop D, and Troop F. The teams are comprised of officers assigned to regular road duty and DDCC. In 2009, Patrol SWAT teams responded to a total of 41 incidents and numerous other calls for service. The activations included barricaded subjects, high-risk search and arrest warrants, presidential security details, and manhunts. The calls for service involved providing security details for the Department of Health and Senior Services during shipments of the Strategic National Stockpile. A basic SWAT tactical school was conducted during 2009. Veteran Patrol SWAT officers trained over 20 other SWAT team members from each of the four teams. The SWAT teams also conducted a week-long, joint annual training at Fort Leonard Wood, MO, during October 2009.

Operation C.A.R.E.

The Missouri State Highway Patrol takes an active role in the Operation C.A.R.E. programs both nationally and in Region VII. C.A.R.E. operations were conducted on all major highways

Corporal George H. Falterman, Troop G, prepares to seize illegal marijuana plants.

Tpr. Michael P. Fennwald, Troop A, Cpl. Kevin M. Fisher, Troop A, CVO II Brian C. Sanders, Troop A, and Chief CVO J. David Brooks, Troop D, stand near illegal drugs seized after the officers became suspicious during a routine commercial vehicle inspection.

throughout the annual holiday periods. In 2009, officers of the Missouri State Highway Patrol made 892 DWI arrests, 16,842 speed arrests, and 8,128 seat belt arrests during C.A.R.E. operations. Officers also recorded 8,998 motorist assists during these operations.

Criminal Interdiction

The interdiction of contraband transported on Missouri's highways continues to be a priority of the Missouri State Highway Patrol. In 2009, officers made 182 criminal arrests and seized 8,836 pounds of marijuana; 1,384 pounds of cocaine; 27 pounds of methamphetamine; 1 pound of crack cocaine; seven weapons; and \$6,963,450.

Continued on the next page.

Enforcement continued.

Sobriety Checkpoints

The Patrol conducted 62 sobriety checkpoint operations during 2009, checking more than 22,250 vehicles for intoxicated drivers. A total of 263 persons were arrested for driving while intoxicated. The Patrol made 1,364 total arrests while conducting sobriety checkpoints throughout the state, including 71 misdemeanor drug arrests and 32 felony arrests. The Patrol also issued 3,345 warnings. The sobriety checkpoints are funded by a grant from the National Highway Traffic Safety Administration, through the Missouri Department of Transportation, Office of Highway Safety.

Major Crash Investigation Unit

The Patrol's Major Crash Investigation Unit (MCIU) has team offices in Higginsville, Wentzville, Rogersville, and Jackson.

The following is a breakdown of the number of crashes reconstructed by each team: Team 1, Higginsville — 32; Team 2, Wentzville — 32; Team 3, Rogersville — 37; and Team 4, Jackson — 30. Additionally, the MCIU members responded to 147 calls for service in assisting Patrol members and other agencies with mapping of homicides scenes, crash data retrieval system downloads, photography of crash scenes, mapping, and crash scene expertise. During 2009, the MCIU received 982 hours of training.

Click It Or Ticket

The Click It Or Ticket operation is an occupant protection Selective Traffic Enforcement Program (STEP). The 2009 enforcement campaigns lasted two weeks. As a result of 3,405 traffic stops, the following arrests were made:

- 1,119 Seat Belt,
- 38 Child Restraint,
- 13 DWI,
- 63 CVE Speed,
- 706 Speed,
- 7 C&I,
- 2 Failed To Yield,
- 7 Stop Sign,
- 8 Following Too Close,
- 356 Non-Moving Violations,

- 13 Misdemeanor Drugs,
- 84 Other Misdemeanor Arrests,
- 14 Felony Arrests, and
- 108 Driver License Arrests.

Additionally, 3,266 warnings were written.

Filling a V.O.I.D. (Victims of Impaired Drivers)

The Highway Patrol provides comprehensive assistance to victims of DWI-related (driving while intoxicated) crashes through the Filling a V.O.I.D. program. Officers and a civilian victim advocate help victims and their families obtain assistance from victim service providers. In 2009, an automated reporting application was developed to gather victim information so victims of impaired driving could be provided information in a timelier manner. During 2009, the patrol provided the following crime victim assistance: Children -- 62; Adults -- 377; Elderly -- 23.

Tpr. Travis D. Templemire, Troop E, investigates a crash involving a commercial motor vehicle.

TROOP A

Organized in 1931 • Lee's Summit, MO • Serves 13 counties.

Capt. Robert L. Powell
Commanding Officer

In April, CVET Corporal Kevin M. Fisher stopped the driver of a tractor-trailer in Lafayette County for a compliance check. Subsequent investigation led to the seizure of 600 pounds of marijuana located within the truck's load of produce. In July, five new troopers from the 89th Recruit Class were assigned to Troop A.

On June 30, 2009, Trooper Cody G. Dunfee, Trooper Kurt A. Schmutzler, and officers from the Bates County Sheriff's Office attempted to serve an arrest warrant on a subject in rural Bates County. The subject was wanted on numerous out-of-state felony warrants, including attempted homicide. When Tpr. Dunfee entered the residence, a gun battle ensued, and Tpr. Dunfee was shot in his tactical vest by the suspect with a high powered rifle. Tpr. Dunfee returned fire as the suspect retreated to a back bedroom. The suspect was later found deceased by the Troop A SWAT team. It was later determined he sustained several gunshot wounds, and the fatal wound was self-inflicted.

In September, the third Tour of Missouri bike race traveled through and concluded in Kansas City.

In 2009, Troop A radio and desk personnel received 70,310 calls from the public for service. Also, members of Troop A organized and presented Student Alliance Programs at Clinton High School and the Northland Career Center, in Platte City.

During 2009, the 16th Annual Corporal Michael E. Webster Memorial Blood Drive and the seventh annual Trooper Michael L. Newton Toy Drive took place. These events honor Troop A officers who made the ultimate sacrifice while serving the citizens of Missouri.

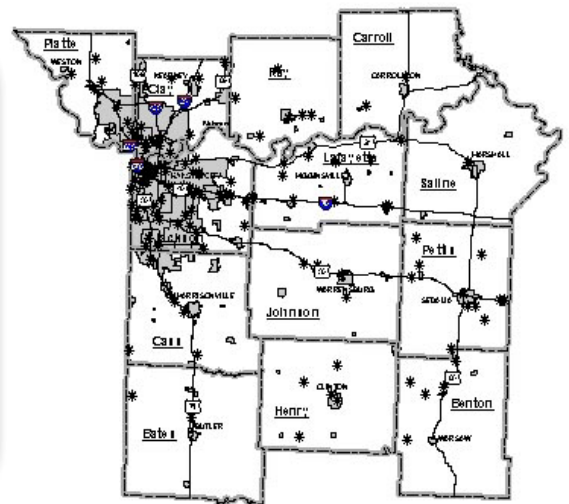

Cpl. Kevin M. Fisher, a commercial vehicle enforcement trooper, is seen with the 600 pounds of marijuana he seized during a traffic stop.

TROOP A

Employees from the Missouri State Highway Patrol and Kansas Highway Patrol worked together to deliver toys and holiday wishes to children who were in the hospital.

* Patrol investigated fatalities = 74
Total fatalities = 172

Capt. John W. Elliott
Commanding Officer

TROOP B

Organized in 1931 • Macon, MO • Serves 16 counties.

On May 6, 2009, eight troopers and three commercial motor vehicle officers held a commercial motor vehicle safety check on U.S. Highway 36, in Macon County. This particular safety check has been conducted by Troop B officers for several years in an attempt to promote safety of commercial motor vehicles travelling on Missouri highways. As a result of the six-hour enforcement program, which also utilized a canine and handler from Troop H, officers checked 155 commercial motor vehicles and completed a total of 31 safety inspections. Officers made two misdemeanor warrant arrests, and issued 23 summonses and 71 warnings.

As in the past few years, Troop B officers were again called upon to provide aid to citizens affected by natural disasters. During the early evening hours of May 13, 2009, four confirmed tornadoes swept through communities in Sullivan and Adair counties. As a result of the severe storm, three individuals lost their lives, numerous others were injured, and substantial damage was caused to homes, buildings, and utility lines. The storm also damaged a large propane gas tank north of Kirksville man-

Tpr. Clinton M. Duppung accepts a resolution from Rep. Brian Munzlinger.

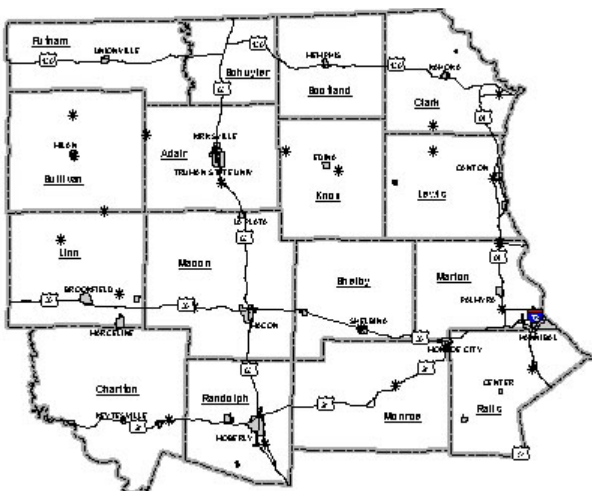

dating the evacuation of residents living in the area as well as the shutting down of a portion of U.S. Highway 63 for several hours. Troopers were kept busy providing security, rerouting and directing traffic, and assisting with the search of individuals possibly trapped inside their damaged homes.

During the June 2009 Troop B sergeants' meeting, District 1 State Representative Brian Munzlinger presented Trooper Clinton M. Duppung a resolution from the Missouri House of Representatives honoring Tpr. Duppung for receiving The MASTERS Public Service Award for 2008. Tpr. Duppung received the award at the Patrol's 19th Annual Awards and The MASTERS Banquet held on April 18, 2009.

In July, Troop B officers were called to assist in the investigation of a robbery at the Bank of Brookfield-Purdin in Winnigan, MO, and five days later at the Community State Bank in Clarence, MO. County and federal law enforcement officers worked closely, thus resulting in the arrest of a suspect who attempted to rob yet another bank in Central Missouri.

During the entire year, Troop B officers participated in a number of special enforcement programs, including conducting six sobriety checkpoints. The hard work of Troop B officers in the endeavor of promoting traffic safety has paid dividends in the reduction of traffic crashes in this 16-county area. In 2007, the Troop B area recorded 50 fatalities, which over the past two years have substantially declined. In 2008 fatalities decreased to 30; in 2009, fatalities decreased to 26.

TROOP B

* Patrol investigated fatalities = 26
Total fatalities = 30

TROOP C

Organized in 1931 • Weldon Spring, MO • Serves 11 counties.

Capt. Ronald S. Johnson
Commanding Officer

On December 25, 2009, Troop C suffered a tremendous loss when Corporal Dennis E. Engelhard gave the ultimate sacrifice in a tragic incident on Interstate 44 in Eureka, MO, while investigating a traffic crash assisted by the Eureka Police Department. Dennis was standing at the rear of his patrol car when the driver of an SUV lost control and struck him. Dennis died a short time later at a nearby hospital. Dennis served the citizens of Missouri for over nine years. He was a dedicated member of the Missouri State Highway Patrol and will be sadly missed.

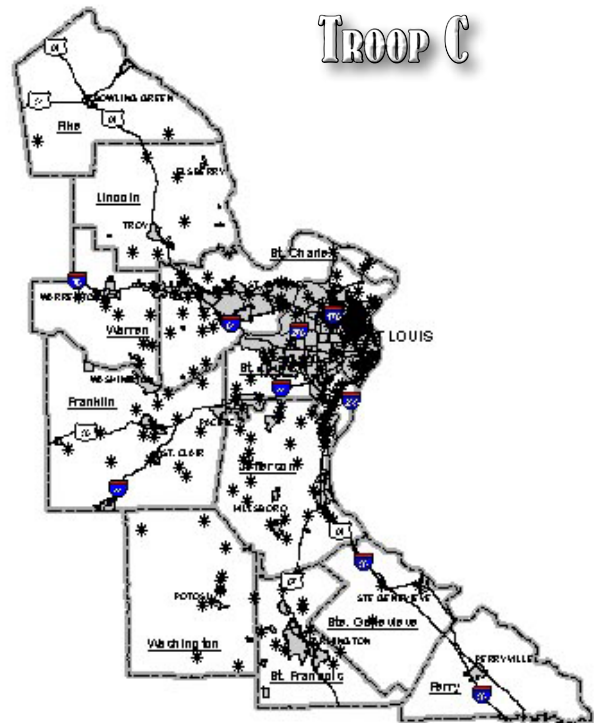

Cpl. Dennis E. Engelhard

During July 10-14, 2009, several Troop C and GHQ members and civilian personnel participated with the 80th Annual Major League Baseball "All-Star" week hosted by the city of St. Louis. The festivities began with Fan Fest at the America Center where members of Troop C assisted St. Louis Metropolitan Police Department in providing security for major league all-stars who met and interacted with baseball fans. On July 11-12, 2009, assigned members assisted with the Cheryl Crow charity concert, the Five K Run, and the All-Star celebrity softball game. This game was attended by most of the living inductees of the Baseball Hall of Fame. On July 13, members were assigned to Busch Stadium for the All-Star Home Run Derby. The week-long event culminated as members of Troop C assisted with the All Star Game, where President Barack Obama threw out the first pitch.

During October/November 2009, Troop C hosted its fourth Community Alliance Program. Participants were provided with the opportunity to ride along with uniformed personnel, and learn about Patrol history, SWAT, drug interdiction, stop and approach techniques, and DWI detection. This year, participants experienced FATS system, which provided them with firearm safety techniques and allowed them to participate in simulated scenarios. Twenty-four people successfully completed the seven-week program on November 24, 2009.

In March 2007, Missouri Department of Transportation closed the final section of Interstate 64/U.S. Highway 40 to re-build a 10-mile section to comply with federal standards. On December 6, 2009, Troop C staff, members, and Honor Guard participated in the re-opening of the final section of roadway named "Jack Buck Memorial Highway".

Enforcement efforts by members of Troop C resulted in an nine percent fatality reduction in the 11 counties it serves. The reduction is a reflection of monthly enforcement operations, such as: Patrol Response Operation To Enforcement (of) Construction (zone) Traffic that resulted in 920 arrests and 907 warnings being issued to violators; and, Alcohol-Related Response Enforcement Strike Team that yielded 74 DWI arrests, 432 other arrests, 592 warnings, and a total of 617 vehicles stopped.

* Patrol investigated fatalities = 108
Total fatalities = 222

TROOP D

Organized in 1931 • Springfield, MO • Serves 18 counties.

Capt. Juan O. Villanueva
Commanding Officer

Criminal interdiction has been a mainstay in Troop D for many years, and 2009 was no different. Officers seized over 4,300 pounds of marijuana, 204 pounds of cocaine, and 23 pounds of methamphetamine.

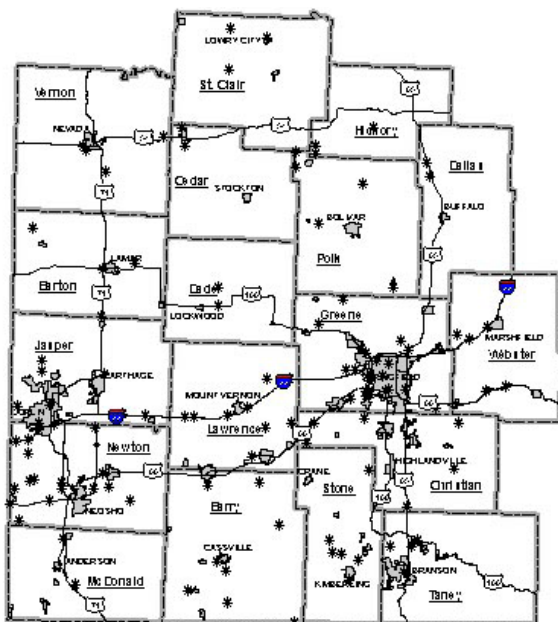

In May, the new Branson Airport opened with an airshow, which drew crowds between 40,000 to 50,000 people. Participants included the U.S. Air Force Thunderbirds, U.S. Army Golden Knights, and the Aeroshell Aerobatic Team.

Troop D hosted the first Patrol sponsored "Church Security Seminar" in Springfield, MO. The seminar consisted of Patrol employees training approximately 100 area church personnel in self defense, tactical verbal skills, and lessons learned from past church incidents. The guest speaker was Captain Brad Wells from the Madison County Sheriff's Department

Over 1,200 lbs of marijuana was seized during a traffic stop on Interstate 44.

TROOP D

* Patrol investigated fatalities = 124
Total fatalities = 150

in Illinois. Captain Wells was an investigator at the First Baptist Church shooting in Maryville, Illinois, where the pastor was killed by a lone gunman.

Much of Missouri, including the Troop D region, was affected by flooding. The annual National Motocross Races were scheduled in Galena, MO, for October, but were postponed due to flooding. Several spectators and participants had to be rescued due to the rising waters of the James River and rapidly deteriorating conditions. The race was rescheduled for later in the month without any problems.

In October, Trooper J. Michael Linegar transferred from Troop C, St. Louis, to Troop D, and was assigned to Stone County. Tpr. Linegar's father, Trooper Jimmie E. Linegar, was assigned to Stone County in 1985, when he was slain on duty while conducting a traffic stop.

College of The Ozarks has a rich history of hosting guest speakers from around the world. In December 2009, Alaska Governor Sarah Palin visited the College of The Ozarks campus in Branson, MO. Gov. Palin gave a rousing speech to a receptive audience, and three WWII veterans were recognized by the college for their bravery and service to our country. Ten members of Troop D assisted with security for the event.

TROOP E

Organized in 1931 • Poplar Bluff, MO • Serves 13 counties.

Capt. George E. Ridens
Commanding Officer

On January 26, 2009, a paralyzing ice storm swept the Troop E area. In Butler County, 80 percent of the population was without power. In Dunklin County, 450 people were served at five shelters, which were open overnight. Although Kennett, MO, reported some limited power, the rest of Dunklin County reported a 100 percent power outage. Mississippi and New Madrid counties reported power outages of 85 percent and 95 percent, respectively. The Missouri Department of Transportation reported 92 road closures.

As a result of the hazardous weather, the State Emergency Management Agency activated the State Emergency Operations Center. Missouri State Highway Patrol troopers assisted local jurisdictions and the Missouri National Guard by sending a detail of 20 officers from Troops C, D, F, and I to Mississippi, Pemiscot, and Scott counties. Troopers were assigned 12 hour shifts. In addition to patrolling the affected areas, troopers were tasked with the security of water and supply distribution sites and the locations established for the distribution of FEMA generators. Troopers also provided security details for Governor Jay Nixon and other dignitaries as they toured the affected areas. Trooper Lonnie R. Lejeune's lifesaving actions were recognized after saving the life of a man who was cutting tree branches after the storm. (See page 5.)

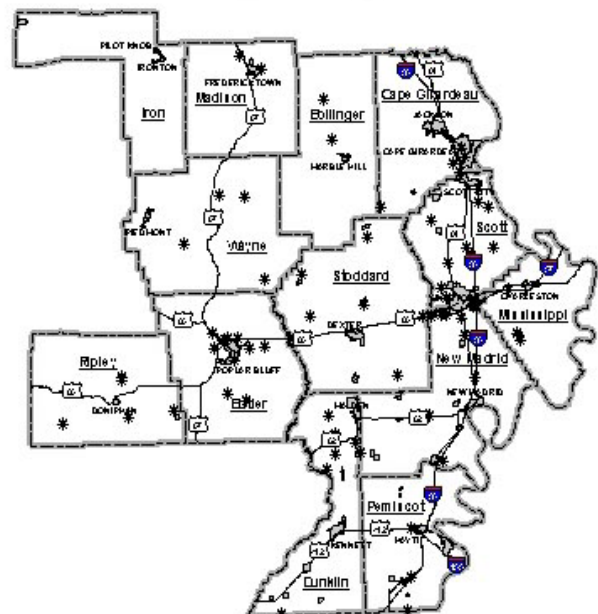

Troop E criminal interdiction efforts resulted in the seizure of \$1,523,280 in U.S. currency, 20 kilograms of cocaine, 29 pounds of processed marijuana, and 1,445 capsules of heroin.

Lieutenant James E. McNiell was honored with the John Michael Letz Award during the Missouri Special Olympics Annual Kick-off in Jefferson City. Lt. McNiell was honored for his long-term commitment and dedication to Missouri Special Olympics. Lt. McNiell has been involved in Missouri Special Olympics for the past eight years serving as a regional Torch Run coordinator and has spent many hours organizing various fundraisers.

Troop E's Color Guard presented the colors for the annual Poplar Bluff Shoot-out at the Poplar Bluff High School.

TROOP E

* Patrol investigated fatalities = 75
Total fatalities = 85

Capt. Dale A. Schmidt
Commanding Officer

TROOP F

Organized in 1931 • Jefferson City, MO • Serves 13 counties.

Troop F officers provided traffic control and security during one leg of the Tour of Missouri bicycle race.

During March and April 2009, Troop F hosted its third "Student Alliance Program". This six-week program was presented to 38 high school students who have indicated an interest in a law enforcement career. During October and November 2009, Troop F hosted its sixth "Community Alliance Program". This six-week program was presented to 19 community-minded citizens. These programs are intended to familiarize and educate the attendees about the Patrol and its mission.

On September 12, 2009, Troop F SWAT was activated to facilitate the arrest of a wanted subject in Callaway County. The subject was wanted for at least 10 bank robberies in Kentucky, Tennessee, North Carolina, and South Carolina. The subject was identified in a restaurant after an individual recognized him from an episode of America's Most Wanted.

On October 21, 2009, troopers from Troop F assisted in the search of a nine-year-old girl who was reported missing near St. Martins, MO. The case gained national attention when the body

of the girl was located in a shallow grave and a 15-year-old female neighbor was charged with the murder.

On November 10, 2009, the Troop F officers assisted the Jefferson City Police Department with a reported hostage situation at the Governor's Office Building. The building was cleared and no suspects were located. All of the civilians inside the building were evacuated without incident or injury.

On December 11, 2009, Troop F welcomed "Rocky" as its newest K-9. Trooper Matt E. Morice began eight weeks of training during October in Cape Girardeau. Sergeant Matt J. Broniec's partner, "Kai" retired in April after over 6 1/2 years of dedicated service.

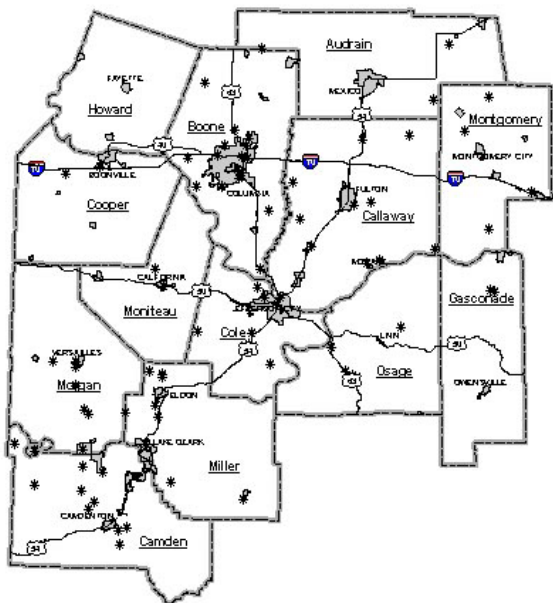

On December 21, 2009, Troop F troopers and Division of Drug and Crime Control officers began a murder investigation in Laddonia, MO, after receiving a tip from a citizen who wanted to report the homicide. During the investigation, a total of eight people were arrested for their involvement in the crime.

On December 31, 2009, Sergeant Anthony "Tony" J. Mattox responded to the Middletown, MO, area to assist in the search of a subject who had just robbed the American Bank of Missouri in Middletown. Sgt. Mattox located the suspect walking on Missouri Route T and placed him under arrest. He also located the money, vehicle, and weapon involved in the robbery.

The Troop F Special Weapons and Tactics team was involved in several projects and 10 special operations in 2009. Six of these operations were serving high-risk search warrants, two were assisting with barricaded subjects, one was a reported hostage situation, and one was providing security at the Subterra Underground Warehouse in Columbia.

Troop F communications received a new 85 KW Caterpillar generator capable of supplying power to the entire building for four days on 500 gallons of fuel. In addition, a universal power supply unit was purchased, which will power the radio room in case of a total loss of power.

TROOP F

* Patrol investigated fatalities = 72
Total fatalities = 98

TROOP G

Organized in 1946 • Willow Springs, MO • Serves 9 counties.

Capt. Billy E. Chadwick
Commanding Officer

On January 26, 2009, Troop G experienced a major winter storm, which was primarily limited to freezing rain and ice. Due to the large amounts of accumulation, Troop G experienced widespread power outages and hazardous driving conditions for a prolonged period of time. Some areas within Troop G received 1 1/2 inches of freezing rain and ice, which caused some structures to collapse and utility poles to break.

During the month of February 2009, two commercial vehicle enforcement troopers were assigned to Troop G. The CVETs have greatly influenced the enforcement of commercial vehicle laws and enhanced the investigative skills of commercial vehicle crashes.

Due to the diligent efforts of the Missouri Attorney General's office, on March 27, 2009, Lance Shockley was found guilty of first-degree murder, and given the death penalty by 37th Judicial District Judge David P. Evans. After the sentencing phase of the trial, Shockley was transported to the Potosi Correctional Center by Troop G officers. Shockley murdered Sergeant C. Dwayne Graham Jr. at his residence on March 20, 2005.

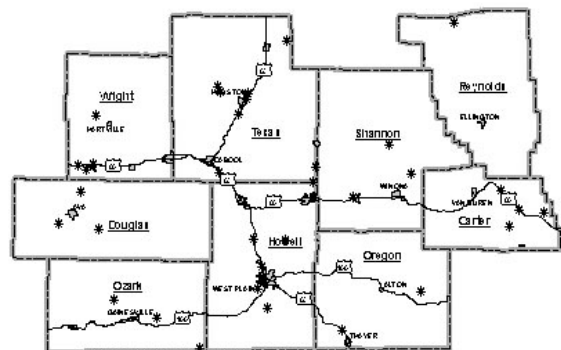

On April 6, 2009, the Missouri State Highway Patrol was notified that a small aircraft was stolen in Canada, then flown across three states before landing in Carter County. The pilot landed the plane on U.S. Highway 60 and fled the scene, before being apprehended at a nearby convenience store. According to the pilot, he was attempting to commit suicide, and hoped the military would fire upon the aircraft.

On December 16, 2009, Troop G received information regarding possible fraudulent asphalt paving activity in the Troop G area. Trooper R. Mike Greenan located the suspects and confirmed that the company was engaged in fraudulent work. Many victims were identified throughout the investigation, and several arrests were made. It was determined that the same company had been traveling throughout the state, performing similar fraudulent asphalt work.

Troop G Communications Operator II Eric W. Presser installs radio equipment into a patrol vehicle.

TROOP G

* Patrol investigated fatalities = 39
Total fatalities = 44

TROOP H

Organized in 1946 • St. Joseph, MO • Serves 15 counties.

Capt. Duane L. Robinson
Commanding Officer

The winter driving season in Troop H was a deadly one for travelers in 2009. Heavy snows closed both Interstate 29 and 35. Deep snow and blizzard wind conditions made travel very difficult and hazardous. In the week following one of the storms, Troop H recorded 10 traffic fatalities--many weather related.

The number of wind farms in the Troop H area continued to grow in 2009. Officers from several troops and divisions were needed to keep up with the daily "super move" escort schedule. The current arrangement assigns officers to move the windmill blades and tower pieces Monday through Friday. Many pieces are considered an oversize load in length or width, and require troopers to escort the loads to ensure they arrive at their destination safely. On any given weekday, as many as 16 troopers may be assigned as "super move" escorts.

The Tour of Missouri once again visited the Troop H region in 2009. Troop H hosted a 110-mile leg of the race, with bicyclists competing on a course that started in Chillicothe and ended in St. Joseph. A total of 35 troopers, officers from several other agencies, and over 200 volunteers worked together to make the race a big success in Northwest Missouri.

Another growing event in Troop H was the tractor cruise. Several years ago, the Show Me Tractor Cruise brought together a unique collection of historic tractors for a good time, while raising money for Camp Quality, which serves children with cancer. In 2009, Troop H worked with five tractor cruise organizations. Troopers were assigned at strategic points of the routes--which can be 40 miles long--to help keep the cruises safe.

The 2009 Troop H marijuana eradication effort was rewarded by the arrest of three men in connection with a marijuana growing operation in Caldwell County. Troopers working with the Drug Enforcement Administration and Caldwell County authorities conducted surveillance on 681 cultivated marijuana plants as a part of a three-month investigation. The three Hispanic men arrested were living in an abandoned farmhouse on the property while tending the plants.

In 2009, the number of traffic crash fatalities in Troop H dropped from 2008. A total of 47 deaths were recorded in 2009, compared to 52 in 2008. While this reduction is welcomed news, all officers will continue to be diligent in their efforts to continue reducing the traffic crash fatality rate in Troop H.

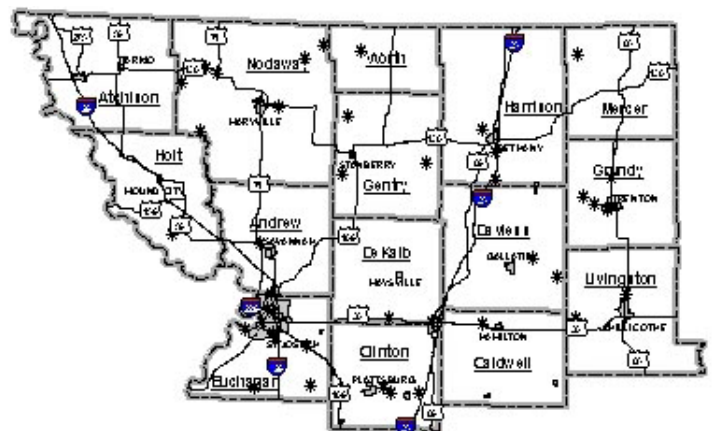

Tpr. J. Clint Gilliland, Troop H, is seen in a picture taken after heavy snow fell in Troop H.

This tower base is being escorted to a wind farm in King City, MO.

TROOP H

* Patrol investigated fatalities = 43
Total fatalities = 47

TROOP I

Organized in 1950 • Rolla, MO • Serves 6 counties.

Capt. Lee Ann H. Kenley
Commanding Officer

Among the many accomplishments of 2009, none were more noteworthy than the reduction in traffic fatalities within the six-county Troop I area. Strong enforcement, combined with educational efforts, resulted in traffic fatalities dropping from 43 in 2008, to 30 in 2009. In 2009, Troop I officers made 21,454 traffic arrests and 1,319 criminal arrests. Troopers also issued 31,411 warnings and investigated 2,465 traffic crashes. Enforcement contacts varied from issuance of nearly 10,000 speeding citations, to helping locate and arrest over 100 individuals over a three-day period for drug offenses. Special assignments, such as safely managing traffic demands for two stages of the "Tour of Missouri", were also common.

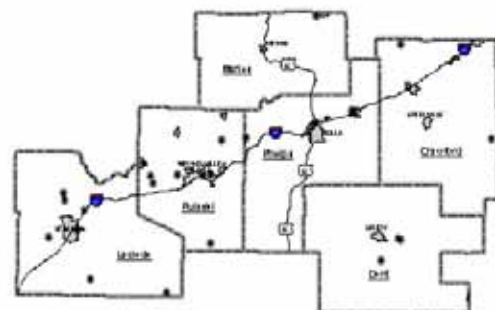

In 2009, Troop I added four new officers to its ranks and assigned two troopers to the newly created position of commercial vehicle enforcement trooper.

Public outreach programs were equally important as troopers and civilian employees again came together in 2009 to help raise \$7,500 for Special Olympics Missouri. In 2009, Troop I hosted its fifth Community Alliance Program and a very successful open house, which drew an estimated crowd of 400 to 500 individuals.

Despite the many accomplishments of last year, Troop I will sadly remember 2009 for the passing of two dedicated employees. On January 4, 2009, Sergeant Mark D. Reynolds died; Radio Operator Taylor Hunt died on March 3, 2009. Their pleasurable personalities and unquestionable work ethics will forever be in our memories.

The Patrol's Mobile Communications & Command Vehicle, a current patrol car, the 1959 Dodge patrol car, and the Patrol helicopter flying over head were of particular interest to visitors during Troop I's open house.

TROOP I

* Patrol investigated fatalities = 27
Total fatalities = 30

Lt. Gregory L. Word
Director

AIRCRAFT DIVISION

Personnel & Equipment

- 1 Twin-engine airplane assigned to GHQ.
- 8 Single engine airplanes assigned to Troops A, B, C, D, E, G, H, and GHQ.
- 6 Helicopters assigned to Troops C, D, G, and GHQ.
- 17 Uniformed members who are certified and rated to fly these aircraft.

2009 Duties & Accomplishments:

- Participated in DEA's Cash Crop (marijuana eradication) program.
- Supported enforcement personnel with enforcing motor vehicle laws (45% of all flight hours).
- Patrol helicopters were deployed for criminal or emergency searches, and assisted with crowd control, traffic control, and dignitary special event security.
- Patrol aircraft assisted with property protection, damage assessment, and recovery process after natural and man-made disasters.
- Twin-engine airplane transported personnel and equipment when this mode of transportation was the most effective and cost efficient method.
- Aircraft services were made available to any law enforcement agency in Missouri at no cost to them.
- Coordinated all aircraft maintenance and training of all Patrol pilots.
- The total number of hours flown by Patrol aircraft in 2009 was 2,824.6 as compared to 2,764.7 flight hours in 2008.
- Provided out-of-state transportation to Patrol members investigating crimes in Alabama, Illinois, Mississippi, Ohio, Oklahoma, Pennsylvania, South Carolina, and Texas.

A forward looking infrared camera system was added to this helicopter.

- Provided out-of-state administrative flights for requesting state agencies to District of Columbia, Kentucky, Nebraska, South Dakota, and Virginia.
- Purchased and installed a forward looking infrared camera system integrated with a microwave downlink system on the helicopter based in Jefferson City.

CRIMINAL INVESTIGATION BUREAU

Major Ronald K. Replogle is commander of the Criminal Investigation Bureau with oversight responsibility for the Missouri Information Analysis Center, Crime Laboratory, Drug and Crime Control, Gaming, and Governor's Security divisions.

Major Ronald K. Replogle
Commander

MISSOURI STATEWIDE METHAMPHETAMINE LABORATORY INCIDENT TOTALS 2009

This Map includes laboratories, chemical/equipment/glassware, and dumpsites that have been received by the MSHP for entry into EPIC NSS as of 12/31/2009.

1,487

Mr. William E. Marbaker
Director

The Crime Laboratory Division provides forensic science support to the Missouri State Highway Patrol and many other federal, state, and local law enforcement agencies by analyzing physical evidence recovered from criminal investigations. Forensic specialties offered include drug analysis, toxicology, trace evidence, DNA, firearm, and latent fingerprint exams. Approximately 80% of the 23,691 cases received by the division in 2009 were submitted by outside agencies. The Crime Laboratory Division receives evidence from over 500 different law enforcement agencies.

The division consists of eight laboratories: two full service laboratories located in Jefferson City and Springfield, and satellite laboratories located in St. Joseph, Macon, Park Hills, Cape Girardeau, Willow Springs, and Joplin. Construction of a new 6,000-square-foot laboratory on the grounds of the Troop D Service Center in Carthage began in late 2009, and will be the new home for the Joplin lab. Construction is expected to be completed in August 2010.

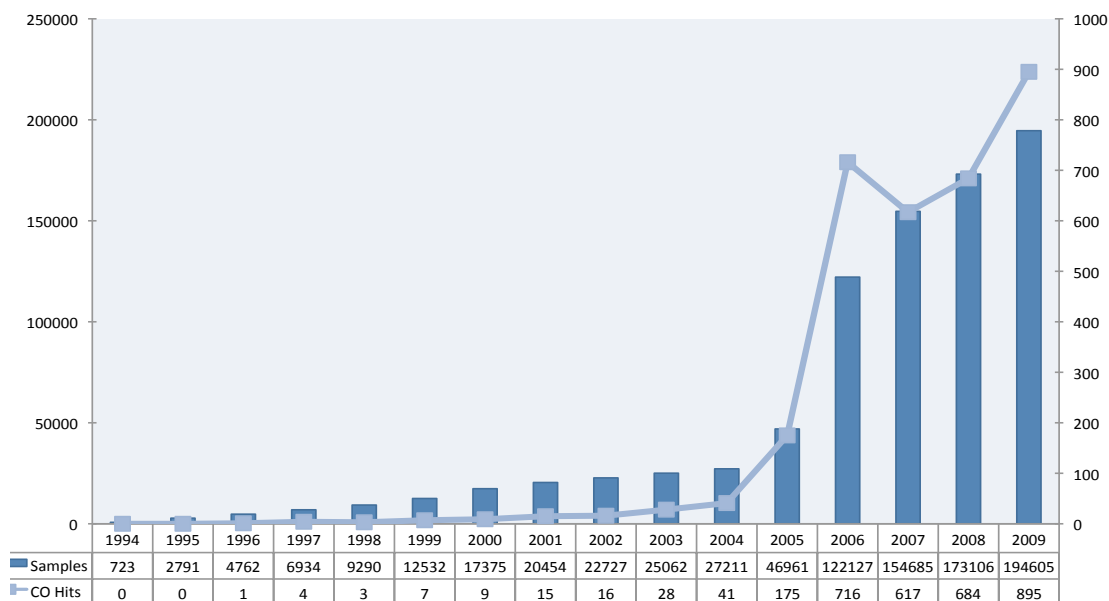

The Crime Laboratory is responsible for managing the state's Combined DNA Index System (CODIS). This is a powerful computer network that allows for rapid matching of DNA profiles from crime scenes to known offender profiles in state and national DNA databases. As of 2009, the National DNA Index System (NDIS) contained over 7.6 million offender samples and 294,000 forensic (crime scene) samples. Missouri is currently ranked 11th in the nation in offender samples submitted to NDIS and 8th in the nation for crime

CRIME LABORATORY DIVISION

scene samples submitted to NDIS. In 2009, the DNA Profiling Section analyzed 21,499 offender DNA samples and produced a total of 895 "hits" between crime scene samples and the database. This was the highest number of matches in any one year for Missouri, eclipsing the 684 CODIS hits made in 2008.

Perhaps the most significant event for the Crime Laboratory Division in 2009 was the passage of House Bill 152, which expanded Missouri's DNA Profiling program to require DNA to be collected upon arrest rather than conviction for certain crimes such as homicide, rape, assault, and burglary. This will result in CODIS matches to unsolved crimes occurring much sooner, resulting in serial criminals being identified more quickly. The Crime Laboratory Division has worked closely with law enforcement agencies throughout the state to implement this new program.

MO Offender Hits & Cumulative Profiles Completed As Of Dec. 2009
(Includes Convicted Offender, Arrestee, & Legal Profiles)

DIVISION OF DRUG & CRIME CONTROL

Capt. Luke Vislay
Director

In 2009, the Division of Drug and Crime Control encompassed the following: Accounting/Audit Unit; Computer Forensic Unit; Explosives Disposal/Technical Services Unit; nine Field Investigative Units, which includes seven polygraph examiners; Auto Theft/Lottery/Missing Person's Unit; Motor Vehicle Unit; Narcotics/Vice Unit; Organized Crime/Anti-Terrorism Unit; Public Information and Education Unit; Violent Crime Support Unit; Rural Crimes Investigative Unit; and HIDTA (High Intensity Drug Trafficking Area).

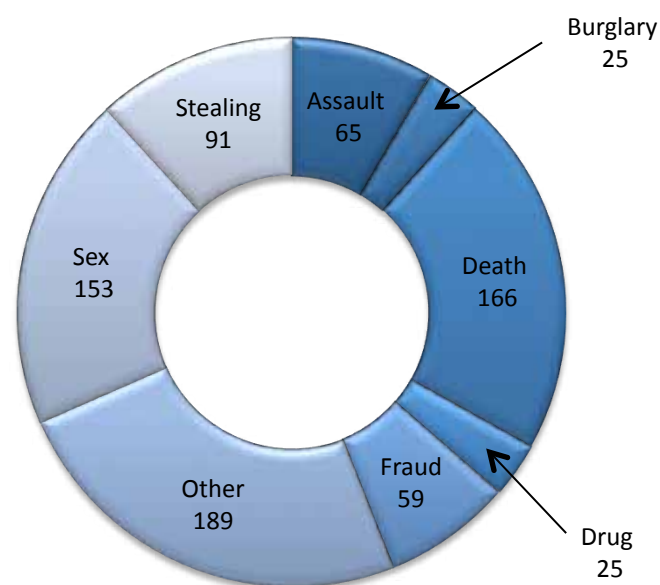

Criminal investigators conducted a total of 773 investigations. Division polygraph examiners conducted 523 examinations, which consisted of 155 specific issue or criminal examinations and 368 pre-employment examinations.

The Narcotics/Vice Investigators conducted 3,549 investigations, which include 399 search warrants and 3,150 other reportable incidents. Investigators assisted with a total of 86 drug interdiction follow-up investigations. Interdiction efforts resulted in 182 criminal arrests and the seizure of nearly \$7 million in cash, over four tons of marijuana, 1,384 pounds of cocaine, 27 pounds of methamphetamine, and seven weapons.

The Violent Crime Support Unit managed 67 open investigations and provided a valuable service to many local agencies in need of additional resources. In 2009, the Patrol investigated 150 missing persons cases and the unit handled 900 telephone inquiries related to missing persons. On August 24, 2009, the Missouri State Highway Patrol was awarded \$3.4 million American Recovery and Reinvestment Act funds, and on November 1, 2009, formed the Rural Crimes Investigation Unit. This unit consists of six criminal investigators, assigned to six geographical areas and two criminal information analysts. The unit works in conjunction with the Livestock and Farm Protection Task Force to investigate agriculture-related crimes, which continue to impact the cattle industry and Missouri farming communities. In 2009, the unit initiated 98 investigations and made 35 arrests.

The Organized Crime and Anti-Terrorism Unit (OCAT) completed an 18-month extensive undercover investigation involving pit bull dogfighting, illegal gambling, and narcotics violations. This investigation was a coordinated effort of the Missouri State Highway Patrol, Federal Bureau of Investigation, United States Drug Administration, and the Missouri Humane Society. On July 8, 2009, federal, state, and local law enforcement officers served 28 federal search warrants and two state search warrants. One hundred seven defendants have been identified and the following evidence was seized as a part of this multi-jurisdictional investigation: 500 pit bulls seized/rescued; four indoor marijuana growing operations; 30 outdoor marijuana plants; 10 pounds of processed marijuana; a quantity of

2009 Top Criminal Investigations by DDCC

hashish; 2.1 pounds of methamphetamine; one ounce of crack cocaine; a quantity of prescription pills; \$130,000 seized in Missouri; \$175,000 seized in the other states; \$60,000 in stolen property; over 100 guns; three vehicles; and three boats. The Humane Society has deemed this investigation to be the largest and most successful dogfighting case in U.S. history.

Capt. Lester D. Elder
Director

GAMING DIVISION

The Gaming Division is divided into three primary units: Administrative Services, Investigations, and Enforcement. The Administrative Services Section oversees the collection and preservation of evidence and motor equipment fleet management.

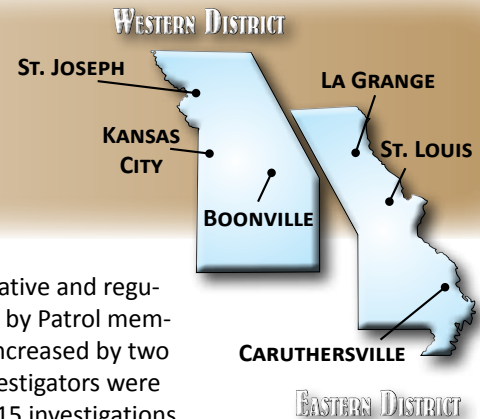

The Investigative Unit conducts comprehensive background investigations of individuals, companies, and suppliers applying for licensure with the Missouri Gaming Commission. There are 12 Class A (riverboat) licensees, 27 supplier companies, and 10,831 active occupational licensees, all of which require some

level of investigative and regulatory oversight by Patrol members. The unit increased by two officers and investigators were involved with 515 investigations during 2009. The section also features a specialized unit, which is responsible for criminal and regulatory enforcement related to charitable gaming operations and licensure in Missouri. The Charitable Games Section oversees 351 licensed bingo operators and is charged with conducting background investigations on both charitable gaming and riverboat supplier companies.

Officers assigned to the Enforcement Unit are responsible for enforcing both Missouri criminal statutes and Missouri Gaming Commission regulations on the 12 licensed casino properties. During 2009, members assigned to the Enforcement Unit

conducted 2,413 criminal investigations, made 3,046 arrests, generated 8,764 Gaming Incident Reports, and contributed 552 pieces of intelligence into the MoSPIN intelligence network. Officers assigned to the Gaming Division processed 869 disassociated persons (problem gamblers).

The Enforcement Unit effectively answered new challenges commensurate with the passage of Proposition A (November 2008). Proposition A brought an end to mandated player tracking due to elimination of the \$500 buy-in limit, which had been in place since the inception of gaming in Missouri. Casino patrons were free to come and go from the gaming floor without mandatory identification requirements and officers logged additional hours in follow-up and investigative efforts due to increased amounts of criminal activity.

GOVERNOR'S SECURITY DIVISION

The Governor's Security Division is responsible for providing security for the governor and his immediate family. The division coordinates and provides protection for visiting governors and other dignitaries. All 50 states currently have governor's security details within their highway patrol/state police. Reciprocity, intelligence, and cooperation between all details and the United States Secret Service are established through the National Governor's Security Association.

On January 12, 2009, Governor Jay Nixon took office as the 55th governor of Missouri. The division, as part of the overall operation of the Patrol and other Department of Public Safety agencies, successfully provided for a safe and memorable event for all present during the governor's inauguration.

The division handled security for other visiting dignitaries, including the governors of Arkansas, Illinois, Iowa, Kansas, Kentucky, Louisiana, Ohio, and West Virginia. Members also assisted with a visit by the Secretary of Homeland Security Janet Napolitano while she visited SEMA and the Governor's Mansion.

The most significant event the division handled was Governor and Mrs. Nixon's participation in the inauguration of President Barack Obama in Washington, D.C., on January 20, 2009. The amount of planning, coordination, and cooperation with Secret Service, U.S. Capitol Police, and National Governor's Security Association was unprecedented. Transportation was complicated due to numerous routes being blocked with barriers manned by law enforcement and military forces. The crowd was estimated by some agencies at 1.8 million people, the largest ever on the National Mall.

Governor Nixon hosted the Democratic Governor's Association Conference on Bio Technology in Clayton, MO, on June 22 and 23. The division, Troop C, and the Field Operations Bureau, worked together to make this a safe and enjoyable event by all the visiting governors.

Lt. Michael V. Meyer
Director

Members of the Governor's Security Division provide security for Governor Jay and Mrs. Georganne Nixon during the inauguration parade.

TECHNICAL SERVICES BUREAU

Major Robert E. Bloomberg is commander of the Technical Services Bureau with oversight responsibility for the Communications, Criminal Justice Information Services, Information Systems, Research and Development, and Traffic Records divisions.

***Major Robert E. Bloomberg
Commander***

COMMUNICATIONS DIVISION

The Communications Division of the Missouri State Highway Patrol continued its commitment in 2009 to improve communications at the troop level and prepare for emergency operations during a catastrophic incident. The Technical Section focused on sustaining the current Patrol radio system while taking the first steps in bringing the new statewide VHF trunked communications network online. The Operations Section concentrated on using new technologies and better training for dispatchers.

The awarding of the state contract for a VHF trunked radio system was the culmination of many years of hard work by the Patrol. The much needed system will provide better radio coverage across the state while providing a base to expand into the future. To build on that system and use modern equipment to the fullest, the division began a project to build a microwave network to allow data, voice, and telephone traffic to be passed more efficiently between troops.

During a statewide catastrophic incident, the Patrol is tasked with augmenting communications to support recovery operations. To carry out that mission, the division added the following capabilities: three retrofitted mobile trucks (BAT vans) with satellite phone and data equipment; two fully functional portable trailers to support communications for emergency management personnel or a dispatch center from nearly any location in the state; and amateur radio equipment to be used when other communication paths are unavailable at all troop headquarters.

Communications employees are trained on the deployment of the Patrol's portable, inflatable communications tower. (Yes, it works.)

Capt. Kim E. Hull
Director

(l to r) Christina Johns, Troop D, Kimberly J. McDowell, Troop I, and Adam Whittom, Troop E, review procedures before setting up a state area coordination center (SACC). A SACC kit provides emergency communications during large scale disasters.

Capt. Timothy P. McGrail
Director

CRIMINAL JUSTICE INFORMATION SERVICES DIVISION

In 2009, the Criminal Records and Identification Division was renamed the Criminal Justice Information Services Division (CJISD) to more accurately reflect the organizational structure and responsibilities. The CJIS Division was assigned the responsibility of providing training for the Missouri Data Exchange (MoDEX), and 889 students attended MoDEX training in 2009. Over 1,200 participants attended Missouri Incident Based Reporting System (MIBRS) training. That number includes over 800 Kansas City Police Department personnel, which required a trainer to travel to that department each week throughout 2009. MULES/NCIC access training certified 3,168 law enforcement personnel. The Custodian of Records received 2,530 requests in 2009, compared to 2,076 requests the previous year.

The Uniform Crime Reporting (UCR) Unit of the Missouri State Highway Patrol conducted training for 1,106 students. Additionally, UCR Unit personnel were able to obtain 98.32% reporting compliance from Missouri agencies, with 96.74% of the data achieving data quality standards. UCR Unit auditors conducted 226 UCR audits and 144 MULES audits.

With the passage of House Bill 62, several changes were made to the criminal history reporting laws. The bill defined what offenses are considered reportable, and changed the reporting requirements for both the municipal and state courts. The courts are now responsible for reporting all prosecutor actions except those that are not filed, deferred, or diversions.

The CJIS Division held five statewide, multi-agency sex offender management and training symposiums in 2009. Over 400 participants attended where presenters discussed new legislation and registration issues surrounding the policies and procedures of Missouri sex offender registration.

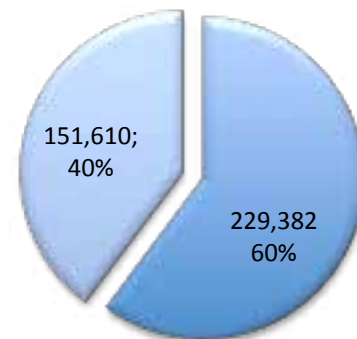

The Patrol's Automated Fingerprint Identification System (AFIS) implemented an interface with the Kansas Bureau of Investigations AFIS system. Beginning in November 2009, Kansas has the ability to

search the Missouri AFIS system for both tenprint and latent searches.

The CJIS Division conducted their first noncriminal justice Policy Compliance Reviews during 2009, this follows a requirement of the FBI and Compact Council to audit the noncriminal justice use of criminal history information. Thirty-one on-site reviews with state agencies and other public entities were completed to ensure state and federal compliance of criminal history record information.

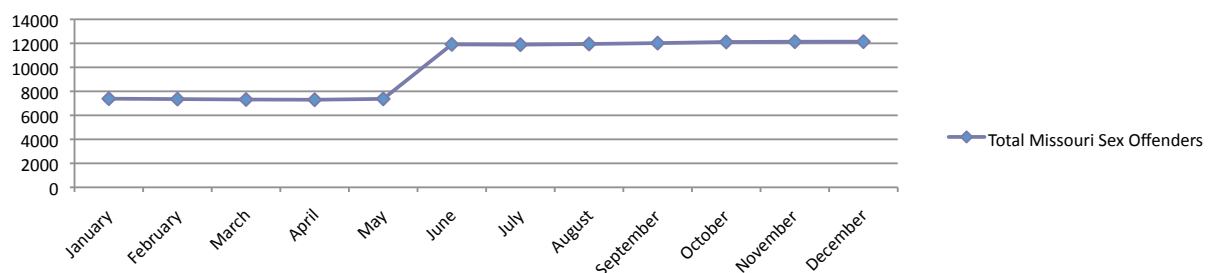

In response to the continued interest of private entities to conduct fingerprint-based state and federal criminal history background checks on applicants that would work with or around children, elderly, or persons with disabilities, the CJIS Division approved 90 applications and user agreements for qualified entities in the Missouri Volunteer and Employee Criminal History Service (VECHS) program.

2009 Comparison Of Applicant To Criminal Submissions

■ Criminal ■ Applicant

Total Missouri Sex Offenders

INFORMATION SYSTEMS DIVISION

MCJMP (Missouri Criminal Justice Modernization Project)

The Missouri Criminal Justice Modernization Project (MCJMP) continued in 2009 with the award of the remaining modules. This year, the state message switch (MULES) was awarded to Computer Projects of Illinois (CPI). Also this year, the Computer Aided Dispatch (CAD) contract was awarded to Xwave; Mobile Computing was awarded to FatPot; and Records Management was awarded to NICHE. ISD personnel are directing these efforts and ensuring coordination among the principals.

VAWA (Violence Against Women Act)

In 2009, ISD completed a major project aimed at improving the timeliness by which Orders of Protection could be served. The enhanced capability allows Orders of Protection to be electronically transmitted to law enforcement agencies across the state as soon as the Office of State Courts Administrator receives the ruling from the judge. This automation provides law enforcement officers information they need to more quickly serve the Order of Protection, thereby providing better protection to victims of abusive behavior.

Online Crash Maps

The MSHP Statistical Analysis Center (SAC) completed work to design and develop an online geographic information system application that allows users to map vehicle crashes by date, time, type, and severity. A variety of data slicing and display options are available, including segmenting those crashes investigated by the Patrol or by other agencies. During the year, ISD acquired an HP DesignJet T610 plotter, making it possible to produce maps in large size and with multiple color overlays.

Sex Offender Website Redesign

ISD completed a significant revision and redesign of the Sex Offender Registry. Improved views and data presentation include alias names, references to other sex offender websites, and a list of offender compliance by county. A set of output reports was also added, which allows users to generate statistics describing offender, victim, and offense characteristics.

Mr. Clifford R. Gronauer
Director

CIT I Christopher A. Renna and CIT III Cristian M. Oros wait for a printout from the Geographic Information System (GIS).

Division employees ponder a puzzling request from OSCA.

RESEARCH & DEVELOPMENT DIVISION

Capt. Timothy G. Baysinger
Director

This division is responsible for maintaining international accreditation by the Commission on Accreditation for Law Enforcement Agencies Inc. (CALEA); managing the forms system; performing staff inspections; conducting external services assessments; managing written directives; coordinating the state-wide property control system; and conducting staff studies and general research.

The following accomplishments were achieved due to the efforts of division personnel and interaction with other Patrol employees in 2009:

- The agency was reaccredited--a sixth consecutive award by CALEA. As a result of maintaining accredited status with CALEA for over 15 years, the latest award was one of meritorious accreditation. The Patrol also was designated a "Flagship Agency" for the second consecutive assessment.
- 123 outside requests for information or assistance were handled.
- Use of force analysis staff study completed.
- Pursuit analysis staff study completed.
- Completed Continuity of Operations/Continuity of Government Plan.
- Completed Pandemic Influenza Continuity of Operations Plan.
- Worked with Patrol interns and the homeland security liaison officer to complete the Patrol Emergency Operations Plan.
- 7 division staff inspections performed.
- 3 troop staff inspections performed.
- 3 troop area external services assessments conducted.
- 60 directives reviewed.
- 34 directives revised.
- 26 new directives created.
- 180 forms reviewed.
- 311 forms revised.

Sgt. William R. Lowry speaks to an intern about the reaccreditation process.

TRAFFIC RECORDS DIVISION

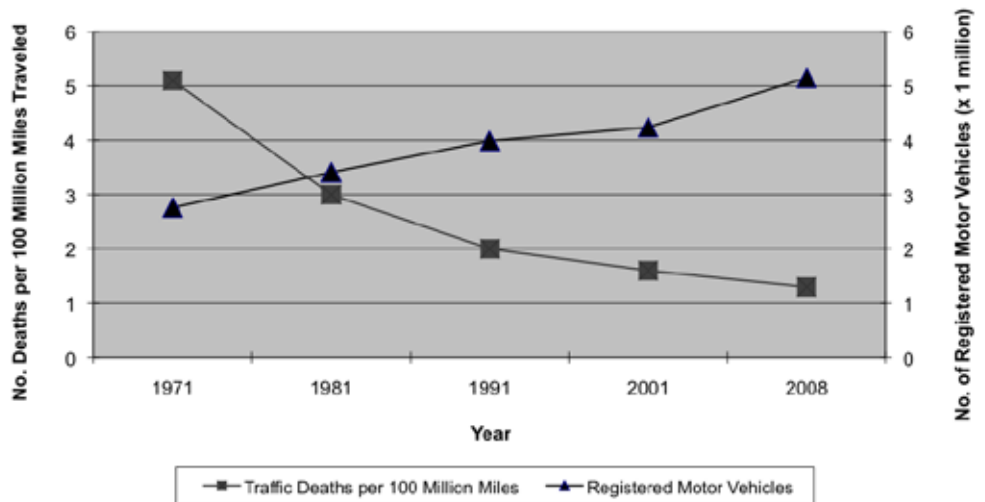

Capt. Bradley W. Jones
Director

The Traffic Records Division serves as the data repository of statewide motor vehicle crash reports, alcohol- and drug- related traffic offenses, dispositions on Missouri State Highway Patrol traffic arrests, and statewide assignment of unique numbers for inclusion on Uniform Citations (UC). The division also maintains Missouri's Fatality Analysis Reporting System (FARS) for the National Highway Traffic Safety Administration (NHTSA), as well as the General Headquarters Message Center for the superintendent and his staff. A complement of 26 full-time employees and five part-time employees assist in carrying out the division's functions. In 2009, the division processed a total of 152,995 crash reports submitted by Patrol officers and local agencies. In addition, a total of 354,698 traffic offense dispositions were added to the Traffic Arrest System/DWI Tracking System (TAS/DWITS) database.

In 2009, the division began accepting crash reports in an electronic format from various local agencies. A total of 16,189 reports were received electronically from 37 local agencies, which, including reports submitted by troopers, resulted in 27% of the crash reports statewide being submitted electronically. The advantages of electronic submission of reports includes more timely analysis of crash data and relieving local agencies from the requirement to forward paper copies of reports to the Patrol; thereby freeing their personnel for other duties.

Missouri Traffic Death Rates / No. of Registered Motor Vehicles

2009 Traffic Crash Statistics

In 2009, Patrol officers and local agencies reported 152,995 crashes to the Traffic Records Division. This was a decrease of 2,860 from the previous year. These reports revealed 878 people were killed and 53,829 injured during the year. This is equivalent to one person killed or injured every 9.6 minutes on Missouri trafficways. The estimated economic loss associated with these traffic crashes was \$3,318,707,000, which is an increase of \$135,832,400 from 2008.

SUPPORT SERVICES BUREAU

Major J. Bret Johnson is commander of the Support Services Bureau with oversight responsibility for the Commercial Vehicle Enforcement, Driver Examination, Motor Equipment, Motor Vehicle Inspection, and Public Information and Education divisions; Capitol Improvements; and Governmental Affairs.

*Major J. Bret Johnson
Commander*

COMMERCIAL VEHICLE ENFORCEMENT DIVISION

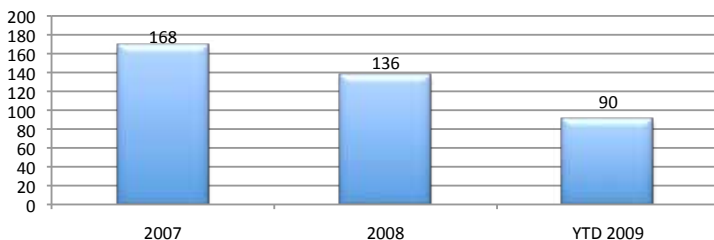

The Commercial Vehicle Enforcement Division coordinates the uniform enforcement of commercial vehicle laws and regulations. The division is comprised of 132 commercial vehicle officers and commercial vehicle inspectors who operate 22 fixed weigh stations and 26 portable scale trucks. In addition, the Patrol has 28 commercial vehicle enforcement troopers and 27 other troopers who are certified in various levels of the North American Standard Inspection.

The state of Missouri is unique for commercial vehicle enforcement in that it is one of only two states that is surrounded by eight other states. This provides a tremendous amount of interstate commercial vehicle traffic traveling through Missouri. In 2009, enforcement efforts resulted in:

- 31 commercial stops resulting in the seizure of \$5,088,580; 6,627 lbs. of marijuana; 1,366 lbs. of cocaine; and 16 lbs. of methamphetamine.
- The completion of 64,983 commercial vehicle inspections, which resulted in the issuance of 34,676 citations.

Of all 2009 Missouri traffic crashes, a total of 90 people were killed in commercial motor vehicle crashes. This number represents a 45.4 % reduction in the total number of commercial motor vehicle fatalities over a three-year period that includes 2007 to present.

Commercial Motor Vehicle Crashes Resulting In Fatalities 2007 - 2009

Capt. Gary L. Moore
Director

DRIVER EXAMINATION DIVISION

The overall responsibility of the Driver Examination Division is to provide an effective program of driver testing to assure that Missouri licensed drivers have a level of competency consistent with safe driving habits and practices, as well as demonstrate skills and knowledge of Missouri laws related to traffic safety.

There are 156 driver examination locations throughout Missouri with offices in each of the state's 114 counties and the city of St. Louis. Fourteen of these locations are CDL skills test sites. Eighteen full-time, five-days-per-week offices are located in the urban areas of Kansas City, St. Louis, Springfield, St. Joseph, Joplin, Jefferson City, and Columbia.

During 2009, driver examination personnel administered a total of 551,381 written examinations. This includes 131,039

written examinations for commercial driver licenses. There were 209,629 road tests (in traffic) given to applicants for all license classes. Of this number, 36,087 were commercial driver license road tests (in traffic).

The Driver Examination Division provides administrative and staff support for the program in the field. Some of the responsibilities of the division include, program direction and guidance, coordination of site selection, rental and lease contract processes for all driver examination office locations, liaison with the Department of Revenue and field personnel, correspondence and personal contacts concerning the driver examination program, training, equipment and supplies procurement, and overall program budget control.

MOTOR EQUIPMENT DIVISION

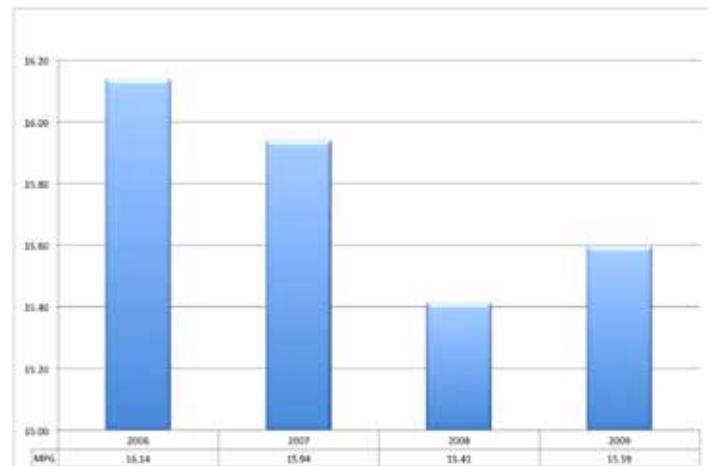

Mr. Larry Rains
Director

The Motor Equipment Division directs the procurement, maintenance, repair, and eventual sale of Missouri State Highway Patrol vehicles. There were just over 1,275 vehicles in operation within the Patrol fleet in 2009. The Motor Equipment Division is also responsible for building and grounds maintenance and housekeeping at the General Headquarters Waggoner Building along with other facilities in the Jefferson City area. The charts on this page provide important statistics pertaining to the Motor Equipment Division. Each chart represents data for the years 2006 through 2009.

Capt. David P. Perkins
Director

MOTOR VEHICLE INSPECTION DIVISION

The Motor Vehicle Inspection Division is responsible for the statewide administration of MVI programs, consisting of the Motor Vehicle Safety Inspection Program, the School Bus Inspection Program, the VIN/Salvage Examination Program, and the Emission Inspection Program (St. Louis area only). Additionally, the division has administrative supervision over 63 motor vehicle inspection personnel assigned to the troops statewide.

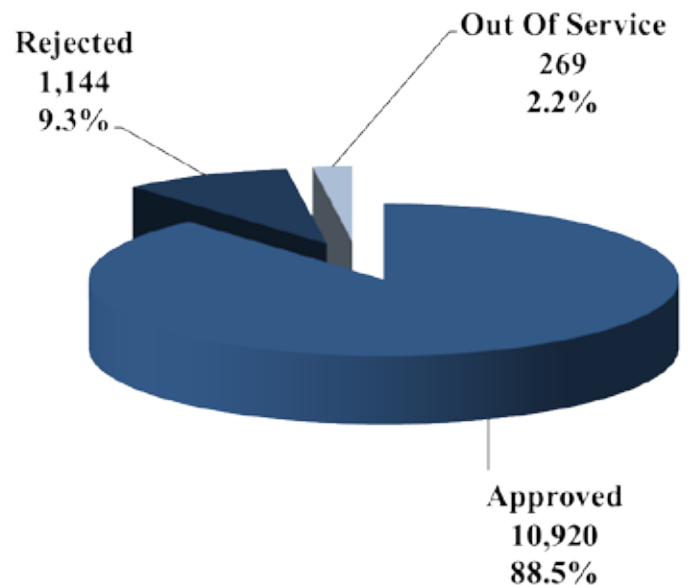

The primary responsibility of motor vehicle inspectors is the supervision of the Vehicle Safety Inspection Program. At the end of 2009, there were 4,547 inspection stations licensed in the state. During 2009, approximately three million vehicles received a safety inspection statewide. The sale of inspection stickers, decals, station licenses, and signs resulted in the collection of over \$4.6 million. This money was deposited into the various state funds according to statutory requirements.

Each year, the Patrol conducts safety inspections on every school bus used to transport children in Missouri. During the 2009 inspection period, a total of 12,333 school buses were inspected--10,920 buses were approved during the initial inspection (an 88.5 percent approval rate), 1,144 buses were rejected due to minor defects, and 269 buses were placed out-of-service due to major defects. The Total Fleet Excellence Award was presented to 288 school districts with bus fleets achieving an approval rating of 90% or better and 7,333 buses statewide will display the Patrol's Total Fleet Excellence Sticker. In addition to annual inspections, 1,256 buses were randomly inspected following the start of the 2009-2010 school year to determine their mechanical condition during "unscheduled visits".

The salvage vehicle examinations are conducted at each of the troop headquarters, service centers, and other locations designated by each troop commander. In 2009, 18,925 salvage and abandoned vehicle inspections and VIN verifications were performed.

At the close of 2009, approximately 775 safety inspection stations were licensed to perform on-board diagnostic emission inspections as part of the Gateway Vehicle Inspection Program. Revenues generated by the Motor Vehicle Inspection Division for the program totaled more than \$1.8 million in 2009.

2009 School Bus Inspection Program Statewide Approval Comparison

PUBLIC INFORMATION & EDUCATION DIVISION

The Public Information and Education Division issued 68 news releases and 24 sets of public service announcements during 2009. The division also reviewed and posted on the Internet an additional 558 news releases from the public information and education officers.

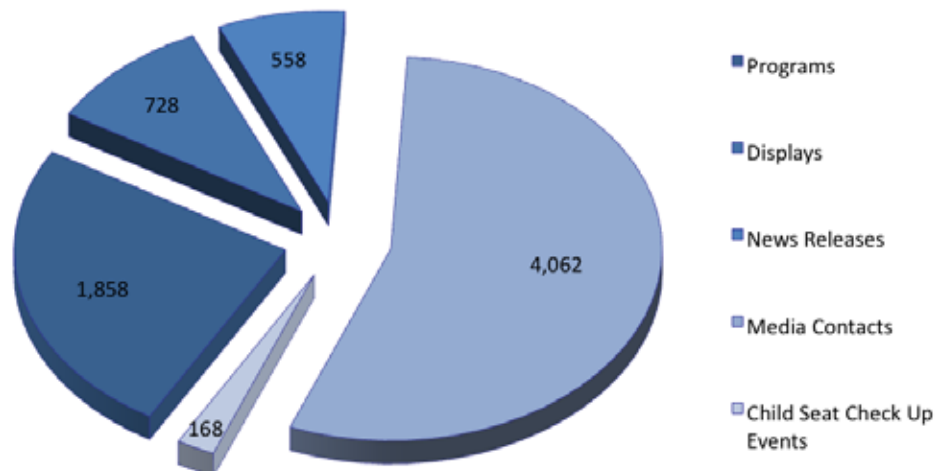

*Capt. J. Timothy Hull
Director*

Division responsibilities:

- Press Conferences (organized statewide)
- Talking Points/Speeches (requests)
- Brochures (review and creation)
- Patrol Annual Report
- Patrol News
- Art Projects (155)
- Awards (84)
- Certificates (762)
- IDs/Commission Cards (268)
- Building IDs (268)
- Business Cards (1,056)
- Media Cards (421)
- Safety Center (9,447 scheduled visitors)
- Photo Laboratory Requests (117 rolls of film; 323 CDs; 11,637 pictures)
- Photographer Requests (83 photo requests; over 9,100 photos taken)
- Photographer Instructed Photo School
- Engraving (61 requests; from 1 to 270 engravings per request)
- DPS Dashboard Report

Public Information & Education Officers Activities

In addition, 13 public information and education officers are assigned throughout the state and to the Division of Drug and Crime Control. The pie chart on this page illustrates a summary of their activities.

Public Information and Education Division oversaw the creation of a five-minute video about Missouri's Graduated Driver's License law. Twenty DVD/monitor units were purchased and placed in the lobbies of the busiest driver examination stations to display the GDL video to teens and parents who are waiting to take their written/driving exams.

The two oldest Simulated Impaired Driving Experience Vehicles (SIDNE) were upgraded.

ADMINISTRATIVE SERVICES BUREAU

Major Hugh E. McKay is commander of the Administrative Services Bureau with oversight responsibility for the Budget and Procurement, Human Resources, and Training divisions.

*Major Hugh E. McKay
Commander*

BUDGET & PROCUREMENT DIVISION

Capt. Kemp A. Shoun
Director

Accounts Payable Section

The Accounts Payable Section processes all payables, including employee expense and uniform allowance reports. Section personnel maintain records of all expenditures incurred by the agency during the year. It uses this information in preparing future budget requests and to provide information for the state auditor. Accounts receivable personnel are responsible for all deposits made for the Patrol.

Budget & Analysis Section

The Budget and Analysis Section prepares and presents the Missouri State Highway Patrol budget requests to the governor. The section analyzes Patrol expenditures to identify trends that need to be included in future budget requests. Section personnel track all legislation and prepare fiscal notes on proposals that could have an impact on Patrol operations.

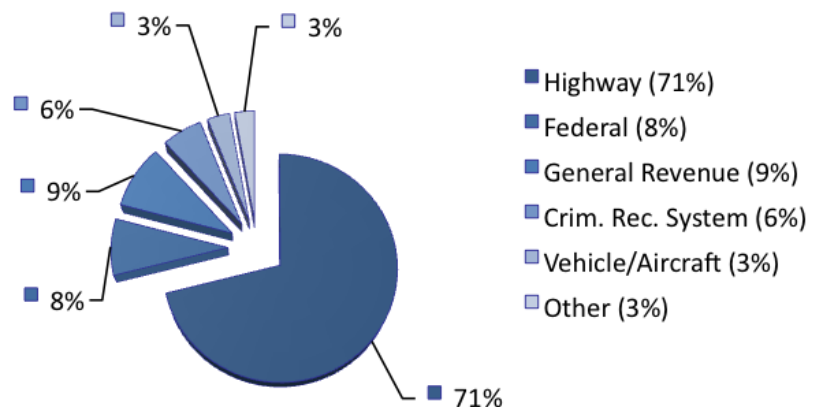

Payroll, Benefits, & Grants Section

The Payroll, Benefits, and Grants Section is responsible for all employee payroll. The section also processes all information related to employee insurance and cafeteria plans, as well as workers' compensation. Section personnel administer all federal grants and prepare required reports.

Supply Section

The Supply Section orders, receives, and processes all Patrol purchases. Section personnel maintain a stock of necessary supplies and issue them as needed to agency personnel throughout the year. The section also maintains a current inventory record of all property owned by the Patrol. The section produces forms, brochures, and other printable material in line with the operation of the Patrol for use by people inside and outside the organization.

Missouri State Highway Patrol Funding Sources

Capt. Sandra K. Karsten
Director

HUMAN RESOURCES DIVISION

Departures – Processed 80 resignations and 67 retirements. In addition, Human Resources Division employees processed paperwork following the deaths of three uniformed employees and two civilian employees.

Miscellaneous Human Resources Division Activities

- Completed 17 job classification and pay equity studies;
- Processed 1,608 requests for new hires, promotions, reclassifications, and transfers;
- Facilitated nine college students' participation in the internship program;
- 46 employees and their children participated in the GHQ "Bring Your Child to Work Day";
- Processed 14 requests for Shareleave ;
- Processed 57 requests for tuition reimbursement;
- 114 units of blood were collected in the GHQ Patrol blood drive program;
- Assisted with approximately 1,700 SAM II and TRS time accounting inquiries; and,
- Facilitated numerous interview and promotional boards and coordinated four procedural hearing boards.

The Human Resources Division manages comprehensive personnel and employee-related functions for the Patrol in an effort to select, compensate, and develop all employees.

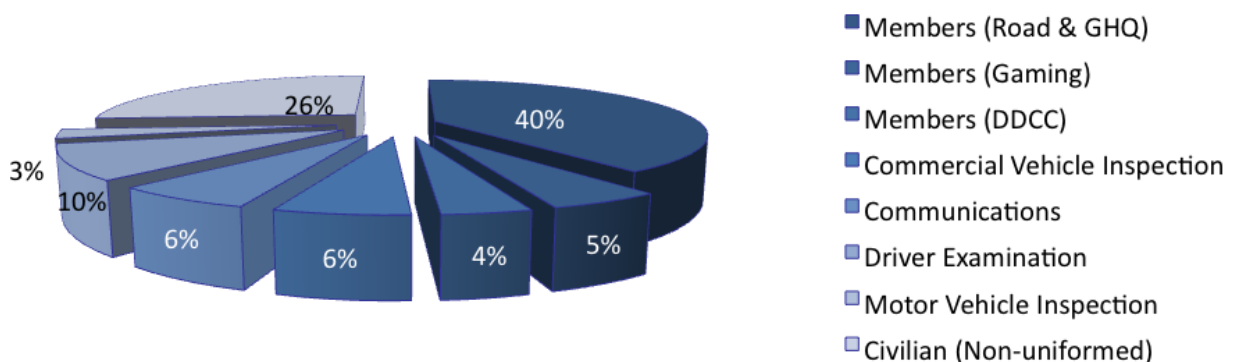

During 2009, division accomplishments were numerous. The listed items represent a sampling of the major functions performed by the Human Resources Division:

Recruitment – In addition to three full-time recruiters assigned to Troops C, D, and F, there are 58 part-time recruiters throughout the state. Recruiters attended 250 recruiting events during the year. These efforts resulted in 2,339 Trooper Pre-Employment Inquiry forms and 447 civilian employment inquiries.

Trooper Selection Process – Processed 3,139 Trooper Pre-Employment Inquiry forms for the 90th, 91st, 92nd, and 93rd Trooper Selection Processes.

Civilian Application Process – Processed approximately 1,245 applications for civilian employment and 126 Job Opportunity Bulletins. The division issued 40 Career Development Bulletins.

GHSP Employee Classification

TRAINING DIVISION

*Capt. Jerel A. Schomer
Director*

The Missouri State Highway Patrol's Training Division provides centralized training programs at the Law Enforcement Academy in Jefferson City, as well as preparing, conducting, and coordinating continuing education, management training rule, and recertification courses in decentralized locations throughout the state. The Academy is an approved peace officer training center under Chapter 590 RSMo. As such, it provides certified basic and career enhancement courses to any law enforcement officer upon proper application and payment of appropriate fees.

The Academy graduated 54 new troopers in 2009. The 89th Recruit Class began training on January 16 and graduated July 10, 2009. The 90th Recruit Class began training on July 1 and graduated December 18, 2009.

Patrol employees received training on various topics at the Academy. Some areas that were highlighted in 2009 include in-service training for driver examiners, communication personnel, patrol chaplains, and motor vehicle inspectors, and the first POST training for commercial vehicle officers.

In 2009, 12,678 seats were occupied in the 1,163 Patrol recertification sessions. Also in 2009, 6,768 seats were occupied in 593 continuing education classroom sessions, totaling 47,414 session hours of continuing education training.

All Patrol managers and supervisors received specialized training in order to comply with the state's revised management training rule. In 2009, 11,953 seats were filled in the 902 management training rule classroom sessions, totaling 39,012 session hours of management training rule topics.

In a cooperative effort with Mineral Area Community College in Park Hills, Missouri, 54 students applied for college credit for their studies at the Patrol Academy in 2009. This program has been duplicated by other state police academies in the United States.
